Dear Ms. Hornbarger,

We believe that everybody everywhere wants to make a difference and giving is one of the most extraordinary and powerful ways we can make that kind of difference in the lives of others, especially when we act from the heart, then our money expresses that heart, which is our true wealth.

Your donation of \$2,500 on May 23, 2019, has opened a door of Hope for a child living in Northern Nevada. Your willingness to help our kids experience a positive outcome in what most would consider a fragile or more often a damaged life is expressed through the smiles, gratitude and immediate relief we see on everyone's face.

We appreciate your generosity, your trust, and most importantly, your commitment to our mission, changing the lives of children, one urgent need at a time. Please visit our website "Lives Changed" to read the stories of some of the children we have helped.

Thank you for making a difference.

Sincerely,

Cheri S. Hill, Board Chair
